THEME

Shaping the Future of Optometry:
Innovation, Integration & Impact

COLLABORATE | ELEVATE | GLOBAL VISION | INNOVATE | TOGETHER

Welcome Message

INDIAN OPTOMETRIC ASSOCIATION

AIOC 2026 ALL INDIA OPTOMETRY CONFERENCE

RAMAIAH UNIVERSITY OF APPLIED SCIENCES

Dear Partners and Industry Colleagues,

Greetings from the Indian Optometric Association!

It gives us immense pleasure to invite you to partner with the **39th All India Optometry Conference (AIOC) 2026,** hosted by the Indian Optometric Association (IOA), bringing together optometrists, academicians, researchers, clinicians, students, and industry leaders from across India and beyond.

The Indian Optometric Association, as the national representative body of Indian Optometry, has remained committed to advancing the profession and representing the interests of students and practitioners at national and international forums while actively engaging with the government and key stakeholders for the growth of optometry in India.

This year's conference theme, **"Shaping the Future of Optometry: Innovation, Integration & Impact,"** reflects our collective vision of strengthening the profession through collaboration, emerging technologies, education, research, and excellence in patient care.

With the implementation of the NCAHP Act, healthcare professions in India are entering a transformative phase, creating new opportunities and responsibilities for optometry. AIOC 2026 will serve as an important platform to discuss how the profession is evolving within this changing landscape and explore "The Future of Optometry in India."

Globally, the future of optometry is increasingly moving beyond traditional vision correction toward comprehensive primary eye care. Driven by changing demographics, increasing digital dependency, and evolving healthcare needs, the profession in developed nations is witnessing growth in areas such as expanded clinical roles, therapeutic privileges, myopia management, specialty practice, and AI-assisted diagnostics. As India progresses within its own healthcare ecosystem, AIOC 2026 aims to foster dialogue on how these global advancements can shape and strengthen the future of optometry in our country.

AIOC 2026 will provide a unique platform for scientific exchange, innovation, networking, and meaningful engagement with professionals shaping the future of eye care. Your support and partnership will play a vital role in making this conference impactful while providing an excellent opportunity to showcase your products, services, and innovations to a highly engaged audience.

We warmly invite you to join us as a valued partner and contribute toward creating a memorable and successful conference experience.

Warm regards,

Organising Committee
AIOC 2026

Partnership Payment Policy

- Initial Deposit – A 50% deposit is required for all partnerships. This deposit must accompany the signed Partnership Contract to secure the partnership.
- Confirmation & Promotion – Upon receipt of the signed contract and required deposit, AIOC 2026 will issue a confirmation notice. No partnership will be confirmed, acknowledged, or promoted – either in print or on the official AIOC 2026 website – until both the signed contract and deposit have been received.
- Final Payment – The remaining 50% of the partnership amount is due 30 days prior to the event. If a partnership is contracted within 30 days of the event, full payment is required at the time of contract submission to confirm the partnership.
- Cancellation Policy – If a partner elects to cancel a confirmed partnership, no refund of any money paid to AIOC 2026 will be provided.

Partnership Deadline

- For Partnership to be promoted in AIOC 2026, Partnership contracts must be received prior to 10th November 2026.

About Us

M.S. Ramaiah University of Applied Sciences, Bengaluru

The 39th All India Optometry Conference (AIOC 2026) will be held at the prestigious M.S. Ramaiah University of Applied Sciences in Bengaluru. The university is known for its state-of-the-art infrastructure, modern auditoriums, well-equipped exhibition spaces, and conducive academic environment. Located in one of India's most vibrant cities, the venue offers excellent connectivity and facilities to host optometry professionals, researchers, academicians, and industry leaders from across India and beyond for a memorable and productive conference experience.

Indian Optometric Association

The Indian Optometric Association represents approximately 12,000 Doctors of Optometry and optometry students. Optometrists serve patients in nearly 6,500 communities across the country, and in 3,500 of those communities are the only eye doctors. Doctors of Optometry provide two-thirds of all primary eye care in India.

Our vision is to provide world-class optometry services making high-quality eye and vision care accessible to all people across India.

In order to achieve our vision, our mission is to facilitate the development of optometry all over India and support optometrists in promoting eye health and vision care as a human right through advocacy, education, policy development and humanitarian outreach.
